

Dear Parents,

This letter is to summarize how the School Community Council of Brookside Elementary chose to use the School Trustlands funds (\$49,057.00) for 2017-18 school year. These funds were used to enhance student academic performance and to implement our school improvement plan. The funds were used as follows:

- Technicians were hired using School Trustlands funds to provide instruction, intervention support, and resources for our students. These technicians worked with teachers and our school facilitator to support to the identified students and specific areas of need.
- Devices and software were purchased using School Trustlands funds to address the instructional and technology needs of our students, teachers, and school. The purchased devices included iPads and Chromebooks.
- Substitutes were hired for teachers to meet as teams to create curriculum maps and analyze data. Substitutes were also used to allow teachers to participate in fine arts training and instructional coaching cycles.
- Resource books for teacher use and professional development were purchased.
- School Trustlands funds were used for registration fees for teachers to attend various workshops and conferences. Funds were also used to pay for substitutes for the teachers.

Thank you for supporting our School Trustlands program and our School Community Council. This council is comprised of parents and school employees who have been elected. If you have a desire to serve on the council and directly impact how these funds are used, please inform Dana Beckert to have your name placed on the election ballot for the upcoming school year. If you have any questions or comments, please contact a member of our School Community Council. Contact information is posted at the school and located on our school web site at [brookside.nebo.edu](http://brookside.nebo.edu).

Sincerely,

Dana Beckert

Principal
